VOLUME XXXVIII

PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, APRIL 29, 1919

THE CITY SAYS THERE MUST BE NO NEWSPAPER CONTESTS—NO SOLICITING WHERE PRIZES ARE OFFERED—A GOOD LAW AND EVERYONE APPROVES ITS ADOPTION.

An ordinance was passed last Thursday night, April 24, 1919, by the City Council, of Paris, Ky., prohibiting the solicitation of subscriptions by solicitors, for periodicals and newspapers, where prizes, etc., are offered. The ordinance is as follows:

"For soliciting Subscriptions to ANY NEWSPAPER OR PERIODICAL by offering any premium or gift, or where solicitors are engaged in ANY contest for prize, or prizes, per day, \$5.00."

The ordinance above was also in effect last year. The Paris newspapers have refrained from conducting any contests during that time because it was against the law, also because the public has been annoyed enough with such "contests."

However, the law is being violated every day by foreign newspapers. Innocent solicitors are also being induced to violate the above ordinance. The newspapers of Paris do not want to issue warrants for these solicitors, as they are sure that they are unconscious of the fact that they are violating the law. If the practice is continued, however, it will be necessary for the local papers, in justice to themselves, to take steps to stop the violation of the ordinance, which is very plain.

The Paris newspapers pay licenses, city and county taxes, etc., for the conducting of their business and for the protection against foreigners coming to this city and being allowed privileges not conceded to them.

The attention of the city officials is also called to the above. They all pride themselves on enforcing the law, if their attention is called to any violations of the city ordinances.

The law is very plain and the Mayor and Council are to be congratulated on the drafting of such an ordinance, as it is certainly very clear and prohibits the obnoxious "contest" practice in Paris.

INTERESTING OIL NOTES

Parties are preparing to drill nine wells on Indian Creek, Owsley county.

The Lee-Kent Oil Company will open their new office in the Holladay building this week. Carpenters and painters have been on the job for the past week getting the rooms in readiness for the company.

Reports of increased production are had from the Millie Freeman tract on Ross Creek, Estill county. Three local companies, the Lee-Kent Oil Co., Bourbon Oil Company and Co-operating Land & Development Co. are interested in this tract.

A large crowd was in attendance at the Blue Grass Oil Exchange open-call session Saturday afternoon and evening. Co-operating, Lee-Kent and Parboken were in active demand at increased prices over the last sales. A large number of Bourbon shares changed hands. Bidding was spirited.

The Kentucky Oil Journal, published at Louisville, in its summary of Kentucky oil news, compliments THE NEWS by republishing entirely extracts concerning the oil exchanges in this city, and the progress of oil development in other places in which Paris companies are interested. The Journal gives THE NEWS credit for these items, which are published word for word just as they were written in THE NEWS office. The Journal shows good judgment in its selection of news matter.

There were 271 new wells completed in Kentucky during the month of March, an increase of 56. Many of the new wells brought in during March were smaller than those for February, and for this reason there is shown a falling off in new production of 531 barrels. Total new production for the month was 9,247 barrels. Of the 271 new wells drilled, only 25 were dry and 11 gave gas.

Bad condition of the roads following heavy rains throughout the mountain regions had effect on the number of new work under way. In the new work at the close of the month there were twenty-four rigs up and 590 wells drilling.

The prediction is being made that the production of oil in the State of Kentucky may reach 300,000 barrels per week by the end of the present year 1919. This amount of oil would mean the sale of approximately forty million (40,000,000) dollars' worth of oil per year. Men of wealth and large business experience are almost daily becoming financially interested in the Kentucky oil industry. It is obvious that the industry deserves and justifies the consideration of the best business men of the State.

Forty millions is quite an item, and this vast wealth is being taken out of the ground, new wealth, so to speak, from a source hitherto undeveloped. Thousands and thousands of dollars are being turned loose in Kentucky by the oil industry for material, supplies, labor, etc. The pay-rolls of the different companies run into thousands; this money circulates around and benefits the banks, the real estate people, the hotels, the stores, the restaurants, the amusement places.

BOURBON WINS PRIZE IN INSURANCE CONTEST.

A prize offered by the American Life & Accident Insurance Company, to the county and district writing the largest amount of insurance in a given period, has been awarded to Bourbon county, which is headquarters of one of the nine State districts.

To celebrate the event the State officers and county superintendents were tendered a banquet by the local representatives Friday night at Stout's Cafe, following a business session. The district is composed of Bourbon, Boyle, Harrison, Garrard, Woodford, Lincoln, Montgomery and Madison counties. Among those from a distance attending were:

W. G. Crutcher, Richmond; A. C. Cassity, Danville; N. A. Wilkerson, Mt. Sterling; J. C. West, Shelbyville; I. H. Pennybaker, Stanton; William Mullins, Winchester; J. C. Doggins, Lexington; T. F. Bishop, Versailles; J. C. Jackson, Wm. King, Lexington; Supt. H. C. Veasey, Richmond; President D. J. Lampton, Louisville; Frank J. Trisler, Paris and Danville, district superintendent.

ON INSPECTION TOUR.

Fourteen members of the class in Agriculture of the Little Rock Graded High School, in charge of the principal, Prof. B. M. Roberts, were visitors at the College of Agriculture and the Agricultural Experiment Station of the State University, in Lexington, Saturday. They made a tour of the farm and took in all the places of interest, being afterward entertained at dinner at the Experimental Station cafeteria.

IN THE SERVICE OF THEIR COUNTRY.

Corp. Alvin Thomas, who is at Camp Zachary Taylor, where he has been under treatment at the Base Hospital, is a guest of his sister, Mrs. Chas. Sauer, and Mr. Sauer, Corp. Thomas was gassed and wounded in the leg in one of the big battles overseas, and after several weeks in French hospitals, was invalided home. He is here on a furlough, and will return to the Base Hospital in a few days.

The first contingent of 5,000 recruits enlisted by the War Department for foreign service to relieve men in the army of occupation, will leave Camp Meade, April 30, for New York, preparatory to embarking. While in New York these men will participate on May 3 in the Victory parade to be held in that city. With this first unit will go a number of officers who have asked for foreign service, to relieve officers in the army in Germany.

Ralph, ("Whitey") Huffman, of Covington, formerly a resident of Paris, was a guest of Paris friends and relatives Sunday and yesterday. Huffman was in the infantry service, and spent several months on the fighting line in France, where he was wounded and gassed. Upon returning to this country Huffman was sent to a Base Hospital, where he spent several weeks. He was later sent to Camp Zachary Taylor, where he received his final discharge papers last Wednesday. He has some interesting stories of army life, all from actual experiences in camp and on the firing line.

FIRST WEEK OF LOAN CAMPAIGN SHOWS PROGRESS.

At the close of business Saturday night, the Kentucky division of the Fourth Federal Reserve district in the Victory Loan campaign had raised practically one-half of its quota, according to Chairman R. T. Anderson, who reported seven more counties "over the top" with subscriptions amounting to \$7,183,100.

Telegrams were received Saturday night from most of the county chairmen in the fifty-six counties, telling how their respective counties stood in the campaign when the banks closed in the afternoon.

With two more weeks before the campaign closes, Mr. Anderson expects the quota of \$14,845,600 to be far exceeded.

McCreary county is the first in the Eastern division to report a 100 per cent. oversubscription. McCreary's quota in the campaign was \$9,150 and Saturday the county reported subscriptions amounting to \$18,300, just exactly double the allotment.

The seven counties which went "over the top" Saturday were: Harrison, Robertson, Montgomery, Lewis, Bracken, Clark and Knott. This makes a total of ten counties that have exceeded their quotas, Bourbon, Lee and McCreary having previously reported oversubscriptions. Williamstown, in Grant county, reported it was "over," but the county's quota has not yet been reached.

MISS HARBISON TO GIVE CONCERT FRIDAY, MAY 2.

Miss Mary Dan Harbison, the talented and sweet-voiced soloist of the Presbyterian church, and her brother, Capt. Robert Harbison, will give a concert in the Paris City School auditorium on next Friday night, May 2, at 8:15 o'clock. The concert will be given under the auspices of the Christian Endeavor Society of the Paris Presbyterian church. An admission charge of fifty cents for adults and thirty-five cents for school children will be charged.

Miss Harbison and Capt. Harbison need no introduction to the people of Paris. Their remarkably sweet voices have been heard here on numerous occasions in concert and at the Presbyterian church. All who have heard them have been charmed by the magic of the soloists' voices, and it is safe to assume that there will be a large attendance of music-lovers at the concert Friday night.

ENTERTAINMENT TO BE REPEATED FRIDAY, MAY 2.

The picnic supper given at the Stony Point school last Wednesday night was a success financially, though the attendance was very materially lessened on account of the bad weather prevailing.

At the earnest solicitation of numerous friends and patrons of the school, who were unable to attend, the entertainment will be repeated next Friday night, May 2, at eight o'clock. You are cordially invited to attend and spend an enjoyable evening.

FLYING CIRCUS NOT TO BE HERE UNTIL FRIDAY.

The Flying Circus, one of the stellar attractions sent out under the auspices of the Central Liberty Loan Committee of the Fourth Federal Reserve District at Cleveland, Ohio, for the purpose of advertising the Victory Loan, will be in Paris on next Friday morning, instead of Thursday, May 1, as previously advertised.

The change in the schedule was made necessary by the fact that the flying squadron, which left Hillsboro, Ohio, yesterday morning, has met with adverse weather conditions, which has put it twenty-four hours behind on its schedule. This will bring the exhibition to Paris on next Friday morning, May 2, instead of the advertised date, Thursday. The following telegram was received yesterday by Mr. Rudolph Davis, publicity secretary for Bourbon county in the Victory Loan campaign, from Mr. R. W. Young, who is in charge of the "Flying Circus."

"Portsmouth, Ohio, April 28.

"Mr. Rudolph Davis, Publicity Secretary, Paris, Ky.

"Adverse weather conditions encountered on our trip force a delay of twenty-four hours in schedule of The Flying Circus, which will put us in your city Friday morning, instead of Thursday morning. Please advise the public to this effect.

SALE OF LOTS AT NORTH MIDDLETOWN GREAT SUCCESS

The big sale of lots conducted at North Middletown Tuesday by the Wakefield & Davis Realty Co., of Shelbyville, was one of the most successful ones of the present season, and was attended by a large crowd from all parts of the county. Preceding the sale and at intervals throughout the day music was rendered by a band from Lexington. Lunch was served on the grounds by the North Middletown Mothers' Club, which netted them the tidy sum of \$160.

The sale was started promptly on time when Auctioneer George D. Speakes, of the firm of Harris & Speakes, of Paris, mounted the stand and announced the order of proceedings. A total of forty-seven lots was disposed of at prices ranging from \$100 to \$1,000. Messrs. John T. Collins and Henry S. Caywood purchased for the sum of \$6,048 the residence on Main street, formerly occupied by Mrs. A. P. Bryan and Mr. and Mrs. Hiram Redmon. Gilkey & Rash bought the livery stable on Main street for \$3,255. The sale realized a total of \$27,000 for the promoters, Messrs. Wakefield & Davis, were congratulated on the success of this, their first venture in the real estate business in this city. They stated that they were very well pleased with the financial end of the deal. The property disposed of was purchased by them from Mrs. A. P. Bryan several months ago, and is well located, being near the center of the business section.

Messrs. Wakefield & Davis have purchased the Greene property in Mt. Sterling and will conduct a sale of lots at that place in the near future.

Mr. Davis Patrick, owner of the garage at North Middletown, purchased several lots adjoining his property, and will enlarge his garage.

The free lot offered at the sale was drawn by Mr. George Griffin, who sold it shortly after the sale for \$150. The first \$5 gold piece was drawn by Mr. Spencer Johnson, the second by Mrs. E. B. Allen, and the third by Mrs. Cash Harney.

GEORGIA FUGITIVE FROM JUSTICE ARRESTED HERE.

A woman's inability to read, and her inability to keep a secret, was the means of causing the undoing of Charles Harris, a colored fugitive from justice in Georgia, where he was wanted at Rome, Georgia, for the killing of a white farmer named George Pierce, on April 5.

Shortly after the killing Harris fled and made his way as far as Paris, where he secured a position with Mr. A. D. Sant, who has the contract for building the new sewer system for the city. Harris wrote a letter to a woman in Rome, Georgia, advising of his presence here, and warning her not to divulge anything of his whereabouts to anyone in that city. The woman could not read, and took the letter to another woman, who in turn informed the Sheriff of the county. A deputy was sent to the woman's home, and asked for the letter. Telling her it was simply some advertising matter, the deputy retained the letter. Two police officials from Rome were sent to Paris, and securing the assistance of the local police, they soon located Harris at a house on Cypress street. The officers, Deputy Sheriffs Hall and Hall, and Chief of Police Link and Patrolman Lusk at daylight went to the house and caught Harris just as he was coming out. He was handcuffed and turned over to the Georgia officials. At first he denied his guilt, but afterward told the officials he was the man they wanted and that he was willing to go back to Georgia without extradition papers.

Harris, in charge of the two Georgia officers, was returned to Rome. A reward of \$275 offered for his apprehension, will be divided between Chief of Police Link and Patrolman Lusk.

ALL A MISTAKE.

"Bourbon county is good enough for me, and Clintonville will remain my home," declared Mr. George W. Dawson, of Clintonville. An item has been going the rounds of the press to the effect that Mr. Dawson had purchased property in Lexington and would move there to reside soon.

Mr. Dawson, who is Cashier of the Farmers' Bank of Clintonville, stated that he had recently sold a residence in Lexington, and that he had no idea of moving away from Clintonville, where he was born, had spent practically his whole life, and where his old friends continue to hold a claim on him.

There was an old story told once about a man who had a dream in which he saw the late esteemed Rev. Dr. Scudder, looking over the battlements, and saying, "Heaven is a nice place, but I'd like to go back to Elizaville again." That's the way with George in regard to Clintonville. He'd rather be there than in Lexington!

One of the troubles in Germany is that they can no longer make their "mark."

A REAL ECONOMY

Because of Extra Wear

There is no better judge of shoe wear and comfort than the policeman who is on his feet all day long. W. H. Berry, patrolman in Boston, Mass., says of Neolin-soled shoes: "My shoes with Neolin Soles serve me better than any others I have ever used. They keep my feet dry at all times, and do not slip."

When you buy new shoes, be sure they are Neolin-soled, and you, too, will know a better service from shoes. Moreover, these shoes are a real economy because of the extra wear they give. Most good shoe stores carry them in styles for men, women, and children.

And don't throw away your old shoes. Have them re-soled with Neolin Soles. Remember—these soles are flexible and waterproof, as well as long wearing, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

LODGE NOTES.

A team from Bluegrass Council No. 672, K. of C., Lexington, will come to Paris on May 4, to assist in initiating a class of eighty candidates in the new Council to be instituted here on that date. The Council will be known as No. 1955 until a local name is chosen for it. The first and second degrees will be administered.

At the recent meeting of Rathbone Lodge, a large crowd was present to witness conferring of the First Rank on a class of eight candidates. Those who received their baptism into Pythianism were Allie Rowland, J. B. Peterson, W. W. White, Calvin Whalen, J. T. Pridemore, Stanley Case, Samuel Whalen and James A. Medlin. The Second Rank will be conferred at the next meeting.

The Newport Council, Knights of Columbus, is planning a trip to Paris on Sunday, May 4, when a new Council will be organized in this city. The committee on arrangements is expecting a large crowd from Campbell county to be in attendance. Extra preparations are being made for those who will attend. The new Council expects to start with a membership of about one hundred.

ANOTHER MOVE IN THE CITY LIGHTING MATTER.

The electric lighting system of the city of Paris was not cut off Saturday night, as had been forecast as an action of the Paris Gas & Electric Company, in their controversy with the city regarding the payment of electric light and current bills.

Circuit Clerk Will H. Webb was called upon Friday by Mayor E. B. January, in anticipation of such action on the part of the lighting company, and asked to issue an injunction restraining the Paris Gas & Electric Company or any of its employees from cutting off or interfering in any manner with the street lights in the city of Paris, pending a final settlement of the controversy. The injunction or restraining order was granted.

Bond in the sum of \$5,000, with Catesby Spears, Jos. M. Hall and Dr. D. S. Henry as sureties, was executed by Mayor January. The case will come up before Judge Robert L. Stout, in the Bourbon Circuit Court, at a date to be determined upon later.

PUPILS TAKING ACTIVE INTEREST IN GARDENS.

Great interest is being taken by the pupils of the Paris schools in the school garden work, which will soon be under way, as the weather gives evidence of remaining settled enough for the purpose. A supply of seed sufficient to keep 1,500 children busy in garden work has been received from the Agricultural Bureau at Washington. It is the purpose of the schools to have every child interested this year in garden work as a recreation, healthful work and as a means of producing food stuff.

Several teachers from the Paris City School have been in Lexington recently visiting the schools there and acquainting themselves with the school garden work as carried on by the Lexington pupils. Other teachers will visit other schools this week and everything will be done to have the best and most modern school garden supervision for the Paris City Schools. Prof. Matthews, Federal Director of School Gardens for Kentucky, will spend several days here this week. If you have an uncultivated garden, call the City School, and let the children have the use of the ground.

Is there anything too good in Kentucky for a worthy son who fought our battle in France?

Why anybody should want to be President of Germany at this time is beyond us.

CLIPPING TELLS OF THE 801ST PIONEER INFANTRY.

Alonzo Jackson, colored, of Paris, a member of Company C, in the famous 801st Pioneer Infantry, which made a great record in France, sends a clipping from a French newspaper, published in English. Jackson asks its publication "in order that the people of Paris may know what the colored soldiers did in France during the war."

"The 801st Pioneer Infantry, one of the best trained colored organizations in the A. E. F., was mobilized at Camp Zachary Taylor, Louisville, Ky., during July and August, 1918, and placed under command of Colonel George F. Hamilton, a man of twenty-nine years' army experience. During these months this outfit was put through stiff training."

"September 1, 1918, the outfit left for Camp Merritt, N. J., arriving on the fourth. It left Camp Merritt, Friday at four a. m., September sixth, boarded the Manchuria at four-thirty p. m., the same afternoon, and set sail Sunday morning at eight-thirty a. m., September eighth."

"For thirteen days the 801st saw nothing but sky, water and the other

convoy ships. On several occasions submarines were spied and fired at, but no damage was done to the convoy."

"The 801st hiked up the long Brest road hill on September 21, being billeted in tents on arrival at Camp Pontanezen. After two days of detail work the second and third battalions, headquarters and supply companies, 'box-carred' to Station de Clairveaux, Aube. It was a tiresome trip, taking two days and nights. The companies were billeted in neighboring towns varying from two to five miles apart with regimental headquarters at Longchamp, Aube. The first battalion was sent to Chateau Thierry and assigned to the advance sector."

"From then until October 30, the battalions were in hard fighting. October 30 the third battalion was ordered to Verdun and the second battalion, headquarters and supply companies sent to Montierchame, where the second battalion continued training."

"Then came the armistice. The 801st went into mourning, said a member of the outfit, 'for after training so hard we lost all chance to show the world what an efficient organization we were.'"

"Detail duty followed for the 801st until November 30, when the outfit was sent to Brest for embarkation. At Brest the 801st was put in the permanent list because of its high average character."

"During its time of duty at Pontanezen the 801st won the name of being one of the best disciplined units in the camp and also won an honor flag for having the best kept area."

"The 801st has been relieved from permanent duty and is soon to sail for the States."

FOOD FAMINE NOW FEARED, SHE SAYS

Husband Worried Over Her Appetite, Since Using "Trutona," Woman Avers.

OWENSBORO, KY., April 28, 1919.

"My husband says he's afraid I'll eat him out of house and home, since taking Trutona," Mrs. Lucy Louninhaus, well-known Owensboro woman of 709 West Main street, said recently.

"I had the 'flu' last October," she continued. "It seemed that a chronic cold had settled in my side. At times, I ached all over. I would often have to cry out with pain. I didn't sleep well and always felt badly of mornings. My appetite was poor and I had become so weak I couldn't raise my arm above my head. My nerves were in terrible shape."

"One bottle of Trutona has actually straightened me up. The terrible body pains have disappeared now and my nerves are steady again. I can extend my arms at full length and my hands still remain steady as a child's, and that's remarkable. I'm eating heartily and I'm gaining strength, too. I'm truly grateful for the relief Trutona gave me."

Trutona, the perfect tonic, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints and the like. It is a fine reconstructive tonic following attacks of pneumonia, influenza, hard colds and the like.

Trutona is now being introduced and explained in Paris at the drug store of G. S. Varden & Son.

MARGARET MATZENAUER COMING TO LEXINGTON OPERA HOUSE

It is a matter of general knowledge and universal admiration that though first engaged for contralto roles only, such was the triumph scored by Margaret Matzenauer, who will appear in concert at the Lexington Opera House, Friday, May 9, that her hurried assumption of the soprano role, Kundry, in "Parsifal" on New Year's day, 1912, that she has since been identified with such interpretations of the soprano genre, at Brunhilde, Isolde, Kundry, Venus, and Fidelity as well as the contralto and mezzo roles of Orpheus, Amneris, Brangane, Ortrud, Dello and Azucena, Madame Matzenauer's latest proof of vocal versatility was her recent appearances as Carmen when she stepped in at a moment's notice and gave a most artistic interpretation of the much-interpreted Spanish cigarette girl.

Aside from the operatic stage, Madame Matzenauer has appeared as concert artist in nearly every large city of the country, and were it not for the fact that her time is so fully occupied by opera, she would have appeared in every one as an insistent demand for her services has been created by her reputation as the "greatest voice at the Metropolitan."

The advanced mail order seat sale is now open. Mail orders reserved in order received. Seats on sale at the Ben Ali Theatre box office beginning May 5.

The new community spirit is the Christ spirit—service for others.

Most of us poor folks are more able to give bond than to buy them.

Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coupler and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.

LOUISVILLE TIMES HAS EDITORIAL ON PARIS MAN.

Some time ago THE NEWS had a local item referring to the strange fact that Dan Daley, watchman at the Tenth street crossing of the L. & N., in this city, had his first glimpse of Bourbon county's handsome court house, though he had lived here all his life. Under the head of "Weariness," the Louisville Times thus treats the item editorially:

"Dan Daley, of Paris, Ky., must be somewhat akin in mood to his late lamented namesake who used to render in such unctuous style, 'Same old story—nothing new' in 'The Rounders,' even though he does spell his name with an 'e.'"

"Mr. Daley, of Paris, seeks nothing new, doesn't care for it and will not even look at it, though he is placed within immediate juxtaposition. In testimony whereof we submit this from a Paris newspaper:

"Incredible as it may seem, Dan Daley, who has been crossing watchman at the Tenth street station of the Louisville & Nashville railroad in this city for the past thirty-five years, has never seen Bourbon county's handsome court house, a few blocks from where he is employed. Mr. Daley, who is a cripple, attends strictly to his duties, and says when his day's work is done he feels more like going to bed than sightseeing."

"There is a side to Daley's life which verges on the tragic. It is the side that reflects a longing to see the court house, even though it is located a few blocks from his place of business. It is a matter of no moment to him how Bourbon county acclaims this architectural monument, how pilgrims from adjacent counties journey hither and gaze upon the pile of stone and mortar with open mouths, or how many times idle citizens of the town regale strangers with: 'It's the finest court house in the South for a county of this size.'"

"But Dan is tired. He goes to bed. He doesn't want to see 'sights.' He is content to pillow his conscience on that good old maxim, 'Sufficient for the day is the evil thereof.' Others may revel in the beauties of the court house, but Morpheus claims Dan just like melancholy marked the swain in Gray's 'Elegy.'"

"Being tired—'dog-tired'—is nothing uncommon even to an editor, and through Dan's window we glimpse a bit of visualized philosophy, born of weariness, mayhap, but which might be helpful to lost of people who chafe over things of no great pith and moment and who are not keyed to the breaking point over something which merely tickles the fancy of the garrulous and the curious."

RECENT COLD SNAP BROUGHT RUIN TO SOME CROPS.

Well-posted Bourbon county farmers state that as a result of the recent cold spell, when the mercury tumbled to below freezing, considerable damage has been done to some crops in this county, especially the wheat, and the small fruits that had been getting a good start. Much concern is felt over the condition of the wheat crop. There had been a steady growth of the cereal and the young shoots had begun jointing, with the result that a freeze at that time will prove very injurious, tending to produce heavy straw and little grain. The same is said to be true of the bluegrass, a freeze producing a light crop.

Potatoes are reported as having been killed, and the oats crop is also said to have sustained considerable damage. Grapes were largely blighted. Green gage plums as large as peas were frozen, while peaches and pears are reported as having been badly frosted. The strawberry plants are blackened by the heavy frosts and many of the early fruits are destroyed beyond possible hope of redemption. Planters of early vegetables are facing a total loss, according to Mr. H. H. Hillenmeyer, of Lexington, a man whose word in this respect cannot be disputed. The tomato plants in beds were completely knocked out. Tobacco plants sustained comparatively little damage, having been well advanced. Some corn had been planted before the advent of the cold weather, but the ground is so cold that the seed will rot and the crop will have to be planted over again. The damage to the wheat, grass and seed crops, vegetables and fruits, it is said, will mount up into the thousands.

ANOTHER BIG ONE.

Some time ago John J. (Kitty) McCarthy caught a five-pound bass in Stoner Creek. So far this stands as the record catch for a Bourbon county fisherman in a local stream. The record catch was almost equalled last week when James Douglass, Jr., caught a big-mouth bass in Stoner which tipped the scales at four pounds and four ounces.

Even during the recent cold days the fishermen patiently plied their art in angling for the finny tribe, with more or less success. The spring season for the sport finds its devotees ready and willing.

Mrs. W. G. McClintock was host to two lovely parties last week. The first, a luncheon-bridge, on Thursday.

The home was lovely in its decorations of fragrant spring flowers and the host was assisted by several charming matrons and the only daughter of the home, Miss Vallette McClintock.

The guests for Thursday were: Mesdames J. W. Bacon, Fay Ardery, Dennis Dundon, Calvert Meng, Thos. Allen, Lawrence Price, James Curle, J. T. Vansant, Walter Kenney, Powell Bosworth, J. T. Tadlock, Charles May, Mary Snell, John Bower, Wm. Griffin, O. L. Davis, Amanda Duke, Ed. Tucker, Brinch Meinertz, James Dodge, James Woodford, Robert Goggin, Carl Wilmoth, Lynn Moore, Lida Conway, Callie Nichols, F. M. Clay, E. M. Dickson, Durand Whipple, William Shire, Harry Mathers, J. O. Marshall, Jesse Alverson, W. W. Judy, Roy Clendenin, Sam Harding, William Wornall, O. T. Hinton, Duncan Bell, George W. Stuart, John Lair and Robt. Meter.

On Friday afternoon Mrs. McClintock gave a lovely afternoon reception to about seventy-five friends.

Those who assisted in entertaining were: Mesdames John Woodford, W. L. Bedford, Bruce Smith, Peale Collier and John Mattox.

Delicious individual ices and cakes were served.

Misses Vallette McClintock and Miss Louise Connell served punch at a beautifully appointed table.

Miss Caroline Roseberry and Mrs. Hiram Montgomery Roseberry were charming hosts to one of the loveliest parties given in honor of Miss Martha Ferguson, whose wedding will be an event of Wednesday.

The Colonial home was decorated in growing plants and baskets of lovely spring flowers.

The guests were members of the wedding party and most intimate friends of Miss Ferguson.

The honor guest prize was a breakfast set of most exquisite embroidery and linen.

Mrs. W. B. Ardery won the first prize, a silver twine-holder, and Mrs. Edward Spears won the consolation prize, two silver pencils.

A delicious salad course and individual ices and cakes was served to six tables of players.

Mrs. Brinch Meinertz, who is a charming young matron of only one short year, was host to her first entertainment on Tuesday afternoon. Her home in the country is very attractive, is surrounded by a perfect fairland of lovely flowers and shrubs, was never more attractive than on this occasion.

The color scheme was yellow and white, and was artistically carried out in the decorations, refreshments and confections.

Mrs. Meinertz and her mother, Mrs. H. M. Collins, both wore lovely afternoon gowns, received the guests and were assisted in entertaining by Mrs. J. W. Bacon, Mrs. W. Ed. Tucker, Mrs. Harry Collins, Miss Elizabeth Steele and Miss Rachel Wiggins, Mrs. C. A. Daugherty and Miss Clara Bacon.

The guests spent a most delightful hour over the tea cups and about one hundred guests called during the hours.

Mr. and Mrs. Joseph M. Hall entertained with a luncheon at the Phoenix Hotel yesterday, followed by a party to the races in honor of Dr. McKinlay and Miss Martha Ferguson, and the members of their wedding party and a few house guests who have arrived for the wedding, which will be a brilliant event of Wednesday evening. Mr. and Mrs. Hall's guests were: Dr. McKinlay, Mr. Harry McKinlay, Miss Nellie McKinlay, Mrs. Barber, Mrs. Mary McKinley, of Englewood, N. J., Mr. Charlton Clay, Mr. and Mrs. Robert H. Ferguson, Mr. and Mrs. James W. Thompson and Mrs. Wm. G. O'Fallon, of St. Louis, Mo.

The guests included the bridal party, Dr. McKinlay, Miss Martha Ferguson, Mr. and Mrs. Jas. W. Thompson, Mrs. William G. O'Fallon, of St. Louis, Mr. Harry McKinlay and Miss Nellie McKinlay, of Englewood, N. J., and Mr. Charlton Clay.

Miss Elizabeth Steele gave a motor party and picnic lunch to Shaker-town in compliment to Miss Martha Ferguson and the members of her wedding party. It is an ideal trip over the Dixie Highway, which crosses the Kentucky River and follows its beautiful course for miles before reaching the quaint old village of Shakerstown, when a picnic supper was served to the following guests: Miss Martha Ferguson, Dr. Wm. McKinlay, Miss Helen McKinlay, Mr. Withers Davis, Mrs. William G. O'Fallon, Mr. Charlton Clay, Miss Mary Foster, Mr. Hugh Ferguson, Mr. and Mrs. Robert Ferguson, and Mrs. J. S. Roberts.

Mrs. James W. Thompson gave a buffet supper Sunday evening in honor of Miss Martha Ferguson, who will become the bride of Dr. Charles Miles McKinlay on Wednesday evening.

The host is a charming young bride of only a few months, who by her sweetness and charm of manner, has won a host of friends and is one of the most popular of the young matrons, is always a most gracious host and on this occasion was very lovely in dainty afternoon gown.

A delicious supper was served to the following guests: Misses Martha Ferguson, Elizabeth Steele, Mary Foster, (Covington), Margaret Ferguson, Helen McKinlay, Englewood, N. J., Mrs. William G. O'Fallon, St. Louis, Mo.

PERUNA THE GUIDEPOST TO HEALTH

Has Never Been Down Sick Since Taking
PERUNA

Read this letter from Mr. Robt. Minnick, Grass Range, Montana.

"In 1900 I was out in Kansas running a threshing engine and the threshing crew had to sleep out of doors. One of the crew brought a Peruna Almanac to the engine one day and I was feeling very ill from sleeping out. I decided to give Peruna a trial and sent for a bottle of Peruna and a box of Peruna Tablets, which straightened me out in a hurry.

"I have never been down sick since that time. I do not take any other medicines except Peruna. I always keep it on hand. If I get my feet wet, get a cold, feel chilly, or a little bad, I always take Peruna. People should not wait until they are down sick and then take it, but should keep it on hand like I do and when they feel bad, they should use it."

THE NEWSPAPERS.

The newspaper is to-day the most potent element in civilization. Its audience is practically unlimited. It reaches every class of people. It penetrates to every hut and hovel on the farthest confines of human society. The schools have an influence and gather the children of the high and low. But after schools are outgrown, teachers forgotten, and books mouldy and dusty, the newspaper is still a constant companion.

No public speaker, be he preacher or political orator, can draw an audience of one-tenth that which greets the average newspaper of to-day, and thus the tone of the press becomes a matter of vital importance to the welfare of the community. The influence is widespread and is also lasting. Therefore, we say, study the contents of the paper you are taking and if it contains that which tends to lower the scale of morality and humanity and not to the elevation of that which is good and right, better off are you by far without it.

SUMMING UP THE EVIDENCE.

Many Paris People Have Been Called As Witnesses.

Week after week has been published the testimony of Paris people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere. 50,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful, convincing mass of proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Paris case. Wm. W. Dudley, 1729 Cypress St., says: "Some years ago I found it necessary to use a kidney remedy and as I had read about Doan's Kidney Pills, I used them. They proved to be satisfactory and permanently rid me of the complaint. I have good reason to recommend Doan's Kidney Pills and advise their use to anyone troubled with a weak and lame back or irregular passages of the kidney secretions."

Price 60c. at all dealers. "Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dudley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y."

SPRING RACING DATES AT KENTUCKY TRACKS.

We are frequently asked when the racing season opens in Kentucky, how many days have been assigned for each meet, and the dates for the same. Here is the official "dope" which those interested in the information should cut out for reference: Lexington opens the ball. The first meeting, to be held under the auspices of the recently created Kentucky Jockey Club, is scheduled to begin at the Kentucky Association in Lexington, on Thursday, April 24, the day set for the opening of Lexington's thirteen-day spring race meeting.

LEXINGTON — Thursday, April 24—Thursday, May 8—13 days.

CLEANSER YOUR HAIR MAKES IT BEAUTIFUL. THICK, GLOSSY, WAVY

Try This! All Dandruff Disappears and Hair Stops Coming Out.

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a small bottle of Knowlton's Danderine at any drug store or toilet counter and try it as directed.

AN APPEAL TO PATRIOTISM

An appeal to the patriotism of all boys in Kentucky, whether living on farms or in cities and towns, between 16 and 21, to help tend and harvest farm crops during their school vacation is being made by the United States Department of Labor through the U. S. Boys' Working Reserve, a very active branch of the Government's organization in the State. By joining the Reserve, boys now living or working on the farms agree to do their level best in producing a big crop. City and town boys agree to work on farms, the location and conditions subject to the approval of their parents or guardi-

ans at wages agreed upon between the farmer and the boy. Signing the enrollment card does not obligate the boy to any military or civil service whatsoever. His action is entirely voluntary and only with his parents' approval.

Immediately upon signing the enrollment card, the boy is given a handsome Certificate of Enrollment bearing the name of the National Director and a nobby enrollment button. He is also given the privilege of wearing the official uniform which he must buy and which is for sale by leading clothiers in all points in the State. Rewards for service are: For 36 days' work, a small bronze badge, for 55 days' work, a large

badge, for 75 days' work the Honorable Service Bar. The boy who works 55 days receives both badges, and the boy who works 75 days receives both badges and the bar. These awards are made by the United States Government through the Department of Labor at Washington. Boys living on farms and in towns where there are enrolling officers may write to George E. Stephens, Executive State Director, 345 Y. M. C. A. Building, Louisville, Ky., for enrollment cards.

An exchange has a head line, "How a Man Picks a Wife"—he doesn't, she picks him.

DO YOU SLEEP WELL?

To be at his best a man must have sound, refreshing sleep. When wakeful and restless at night he is in no condition for work or business during the day. Wakefulness is often caused by indigestion and constipation, and is quickly relieved by Chamberlain's Tablets. Try a dose of these tablets and see how much better you feel with a clear head and good digestion.

D. W. GRIFFITH'S SUPREME TRIUMPH, "HEARTS OF THE WORLD."

"Hearts of the World," the supreme triumph of D. W. Griffith, to be presented at the Grand Opera House, Monday, May 5, afternoon and night, inaugurates a new era in the realm of screen drama. In New York, Boston and Chicago this new Griffith masterpiece has created a positive sensation, even eclipsing the master producer's two productions, "The Birth of a Nation" and "Intolerance."

In this, his latest achievement, Mr. Griffith did not attempt to create and stage gigantic battle scenes and pageantry, but actually used the present, the greatest of all wars as a background for the filming of a simple but compelling story of tremendous human interest, a story of love and sacrifice.

"Hearts of the World" shows the happy, peaceful life of the people of a small French village before the grim horror war reared its ugly head over the horizon. The causes that led up to the war are shown; the meeting of the British Parliament on the eventful night when vote was cast for war; the session of the French Senate voting upon a declaration of war; the session of the cabinet awaiting the fatal hour when the ultimatum to Germany would expire. These scenes come as a prelude; then the great drama begins, the German hordes enter France.

In taking the battle picture for "Hearts of the World," Mr. Griffith had the assistance and co-operation of the British and French War Offices and both he and his company of players which include Lillian and Dorothy Gish, Robert Harron, George Fawcett and Master Ben Alexander, were constantly within range of the German guns and were often compelled to seek safety in British trenches on the western front. It is the opinion of all who have seen "Hearts of the World" that Mr. Griffith has outdone his own best achievements and has established a new artistic record that will be difficult to equal, if indeed such a thing is possible.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

WORK PLEASURE FOR HER NOW

Says Everybody Bothered Like She Was Should Give Meritone a Trial.

"Before taking Meritone my health was so bad that I didn't feel like doing my work at all," said Mrs. Carrie Crow, of 749 West Main street, Lexington, Ky., "but it is a pleasure to me now."

"For a whole year I was bothered with my kidneys. I was so restless at night that I would hardly sleep and I got so nervous that the least noise would get me excited. My back hurt me all the time.

Appetite Poor.

"My appetite was very poor and my stomach was in bad condition also.

"My health was run down so that my work got to be a burden.

"Finally, I started taking Meritone and I am happy to say that it has put my kidneys back in fine condition and I can sleep soundly all through the night.

"My appetite is great and I can eat anything without any pain or trouble from my stomach afterward.

"My work is a pleasure to me now. Everybody bothered like I was should give Meritone a trial."

Meritone, the tonic of real merit, is sold exclusively by G. S. Varden & Son.

PENNAGRADE OIL AND GAS COMPANY WILL SUPPLY LOUISVILLE WITH NATURAL GAS.

The Pennagrade Oil & Gas Company, which has a fifteen year contract with the Louisville Gas and Electric Company to furnish them with a minimum of 800,000,000 cubic feet of gas per year, promises to become one of the largest of the companies with Eastern Kentucky holdings.

The property of the Pennagrade Oil & Gas Company consists of about 60,000 acres principally located in the known gas belt in Floyd & Knox Counties, with leaseholds also in the oil and gas producing territories of Magoffin, Perry, Letcher and other adjoining counties.

At present the Pennagrade Oil & Gas Company has 12,000,000 cubic feet of gas daily above ground and five drilling rigs in the field. All that separates the city of Louisville with their gas fields at the present time is the construction of a twenty-six mile pipe line, which taps the main line of the Louisville Gas and Electric Company. Surveyors are already working on this pipe line and all possible action will be expedited, as the company's contract with the Louisville Gas & Electric Company, calls for gas in Louisville by September 1st, 1919.

DON'T SCOLD MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look At Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, mother! A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

The former Kaiser says that he has some friends in America still. Yes, but they are very still.

We should have a little more thought of the Easter spirit and little less about the Easter hat.

The net proceeds from this entertainment will be used to beautify the City School grounds and to add to the school and playgrounds equipment. In this evening of story and song there will be something to suit every taste. Come out and help fill both the main floor and the balcony.

IF I WERE A FARMER

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Liniment for sprains and bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation.

By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

Elsie Ferguson in "His Parisian Wife"

Here is one of Elsie Ferguson's most dramatic pictures. In the latest French gowns, she startles a puritan New England town. And through all the big, tense scenes, flashes brilliantly like the great star she is. Excitement enough for anyone.

TO MAKE MAYSVILLE PIKE FEDERAL AID TURNPIKE.

A move is on foot to have the Maysville and Lexington turnpike designated as a Federal Aid turnpike. This road extends through Nicholas county a distance of fifteen miles and was recently rebuilt by Nicholas county at a cost of \$500,000.

The plan now under consideration is to have the pike repaired, the Federal government contributing fifty per cent., the State Highway Department ten per cent., and remaining forty per cent. to be paid by Nicholas county.

The road passes through Fayette, Bourbon, Nicholas, Fleming and Mason counties.

Fayette and Bourbon counties have already signified their willingness to participate in the rebuilding of this pike. The Nicholas Fiscal Court indicated its willingness to accept the proposition.

It is highly probable that the plan will be accepted by all counties. The period of reconstruction covers three years, the road will be rebuilt in sections, taking three years to complete the road in the county. The plan calls for resurfacing the road with asphalt.

VOTERS TO VOTE ON MATTER OF CONSOLIDATED SCHOOLS

At a recent meeting of the Bourbon County Board of Education an election was called for in the Millersburg, Melvaine, Letton, Tarr and Purdy school districts, to be held on Saturday, May 31, for the purpose of taking the sense of the voters on the matter of levying a tax of twenty-five cents on each \$100 worth of taxable property assessable for State purposes, to either build or remodel a building to be used as a consolidated school, and for meeting the cost of transportation of the pupils to and from the school.

All men and women over twenty-one years of age in these districts, who can read and write, are entitled to cast a ballot. The four above-mentioned school districts lie in the three magisterial districts of Millersburg, Little Rock and Ruddles Mills. The value of the taxable property within the school boundary will aggregate close to three and one-half million dollars.

EXAMINATIONS IN AGRICULTURE

Gilbert, relative to forthcoming examinations in agriculture, have been received by many of the teachers of the county. Those teachers who have not received one of the circulars can be supplied by calling at the office of County Superintendent J. B. Caywood, in the court house.

Davis, of Louisville, and is a former student of Transylvania University.

After congratulations and good wishes the happy young couple left for a short trip East. On their return they will reside in Louisville.

CAN IT BE TRUE THAT THIS HAPPENED?

Governor Smith, of New York, signed the bills authorizing Sunday baseball and moving shows. He said, in referring to harmless amusements, that the ministry who opposed all recreation on Sunday, had no right to impose their will on the majority who disagree with them.

This stands out in strong contrast to the action of a group of Eastern ministers who protested to Secretary Glass against band concerts and the exhibition on Sunday of "The Price of Peace" in the Victory Loan Campaign.

A man can get his clothes made to fit his form by going to a good tailor. But a woman can get her form made to fit her clothes by going to a good dressmaker.
